

# Everglades

## 320 Center Console

**Y**ou can see the breathtakingly obvious lineage at a glance. No matter where you look, the 320 CC immediately shows itself to be 100 percent pure Everglades.

It starts with the idea that an ultra-serious fishing boat can equally accommodate family pleasure boating with luxury and comfort. For instance, the 131-square-foot cockpit area offers plenty of walkaround room, while a remarkable amount of storage space is cleverly designed and tucked away throughout. To help you take full advantage of sun and fun, the roomy bow seating area features an electric filler table that converts to a padded sun lounge or an equally functional casting deck.

As you'd expect for anglers, this boat is flat-out loaded: a tackle station with eight storage drawers, a stainless-steel sink, an 81-gallon fish box aft, two additional fish boxes port and starboard in bow, a huge livewell and lockable rod storage, just for starters.

Like all Everglades boats, the 320 CC sports a number of features unique to Everglades or available only as options on competitive models: a fully integrated

hardtop/windshield combination, windshield wiper with washer, anchor windlass and a security shield for your electronics suite, to name a few. Whether you're fishing

or cruising, the porcelain marine head with holding tank is a welcome feature as well.

First-rate craftsmanship, of course, also comes standard. Finished inside and out, the 320 CC features white-powder-coated rails and red LED lights throughout the boat for safety and efficiency. And the patented RAMCAP construction process gives you confidence in owning a boat that's genuinely unsinkable.

Put simply, the 320 CC is unsurpassed as an offshore fishing and boating machine. And that makes it an Everglades through and through.

### Specifications

<b>LOA</b>	32 ft. 4 in. (w/o power) 35 ft. (w/ power)
<b>BEAM</b>	10 ft. 8 in.
<b>DEADRISE</b>	25 deg. (transom) 41 deg. (average)
